Kindergarten Class Project : A Personalized Cookbook (image unavailable)

Created and donated by Susan Stonebraker & Jenna Choban Kindergarten created a cookbook of their very own favorite recipes and cooking illustrations. Enjoy recreating some of these yummy recipes in your own kitchen.

Cookbook complimented by 2031 aprons, bowl, serveware and autographed cutting board by our Kindergartners!

A gift that will continue to give for years to come while you remember those sweet memories of Kindergarten.

They are only little once; embrace it while you can.

1st Grade Class Project: Handmade & Personalized Outdoor JENGA Set

Built & donated by The Oleson Family

Class of 2030 is our future and the future looks bright!!!

The 1st grade class project is a beautifully constructed outdoor Jenga set.

What sets it apart from the rest is its engaging personalization of individual Jenga pieces which captures the spirit of our lovely first graders for all to enjoy forever.

2nd Grade Class Project : Cornhole Set

Built and donated by The O'Shea Family

Two Handmade Corn Hole Boards. Each board includes the CTK logo and pictures of our 2nd grade class. The boards come with matching bags. A perfect game to enjoy with family and friends this summer!

3rd Grade Class Project:

Built and donated by The McKeown Family

Show off your American pride with a custom made wood flag.

Each student hand wrote their name on a star.

God bless the Class of 2028!

DETAILS: 22" high x 38.5" wide

4th Grade Cornhole & Dartboard Set

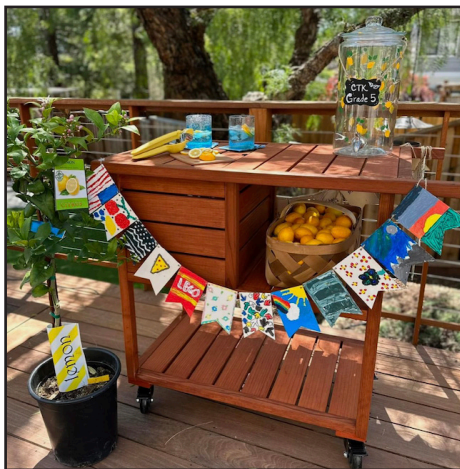

Built and donated by Coach Doc & The Dockery Family

The ultimate game duo and party starter...a one of a kind corn hole set that doubles as a stand-alone dart board.

This set comes complete with corn hole bags and darts.

This Coach Doc creation gives you two different looks to go along with whatever you're in the mood for...but one common theme...

"One Community, One Family."

5th Grade Class Project : Beverage Cart

Built and donated by The Graham Family

The 5th Grade presents a beautiful, handcrafted redwood bar cart / lemonade stand. This solid wood cart was built by hand by 5th grade parents, the cart features the original artwork of each 5th grade student in both the decorative flag bunting and the glass beverage dispenser

(each lemon on the beverage dispenser is a 5th grader's thumbprint!!)

DIMENSIONS: 36" tall, 40" long, and 23" wide

6th Grade Class Project : Garden Bed

Built and donated by The Albano Family

Redwood vegetable planter with live plant wall. This custom planter is built on caster wheels for easy moving!

Planter box & plant wall come with vegetable seeds, flower seeds,

hand shovel, rake and custom garden markers handmade by the 6th grade class. Perfect for a garden enthusiast or aspiring green thumb.

Details: 28 3/4" Deep, 50" Wide, 80" Tall

7th Grade Class Project : Custom Art Piece

Created by Bridget Tomlinson

Clear your wall for a beautiful 44" (W) x 42.5" (H) mixed-media masterpiece featuring the 7th grade Class of 2025!

The High Density Fiberboard is fitted on the back with two 1-inch thick dowel mounts and is ready to be displayed on your wall!

The Best Part of Me...

Christ the King First Grade 2015-1016

8th Grade Class Project : The Best Part of Me Metal Wall Art

Created by Lisa Nevares

The 8th Grade project is a reflection of what the students will leave behind after they graduate - a piece of each of their hearts. The stunning black & white metal wall art is a special reminder of what was, and will be, as their journey continues beyond Christ the King.

Note: These photos may be just examples of what the final product will look like.
